CAREER OBJECTIVE

Aspiring Data Analyst and Data Science postgraduate student with hands-on experience in Python, SQL, and machine learning, seeking to apply analytical and problem-solving skills to derive meaningful insights from data. Eager to contribute to real-world projects involving data analysis, machine learning, and AI while continuing to grow as a data professional.

EDUCATION

Master of Computer Applications (MCA) — Data Science

Chandigarh University, Mohali, Punjab
Pursuing

2026 – 2028

Mohali, Punjab, India

Bachelor of Computer Applications (BCA)

School of Management Sciences, Varanasi
Overall CGPA: 7.88 / 10

2023 – 2026

Varanasi, Uttar Pradesh, India

Intermediate (12th)

CBSE Public School, Basdila Khas, Gopalganj
64%

2023

Gopalganj, Bihar, India

High School (10th)

DAV Public School, Thawe, Gopalganj
64%

2021

Gopalganj, Bihar, India

BCA Semester-wise CGPA

Semester 1	Semester 2	Semester 3	Semester 4	Semester 5	Semester 6
7.56	6.40	8.44	8.40	8.13	8.35

TECHNICAL SKILLS

Data & Analytics

Data Analysis, Data Science, SQL, Power BI, Excel

Python Libraries

Python, Pandas, NumPy, Matplotlib, Seaborn

Machine Learning & AI

Machine Learning, Artificial Intelligence, Scikit-learn basics

Tools & Platforms

Git, GitHub, Jupyter Notebook, VS Code

PROJECTS

Gastric Care — Stomach Cancer Prediction Platform

A healthcare web application featuring an ML-based stomach cancer prediction model and diagnosis chatbot, Razorpay payment integration, automated email notifications, and complete user authentication (login, signup, forgot password).

Netflix Data Analysis

Exploratory data analysis on Netflix's content catalog using Python, Pandas, and visualization libraries to uncover trends across genres, release years, and content ratings.

Employee Management System

A system to manage employee records, roles, and organizational data with a structured backend and clean data-driven interface.

Amazon Sales Performance Analysis

Analyzed Amazon sales data to identify performance trends, top-selling categories, and revenue insights using Python and data visualization.

Veloura — Shopping Website

A full-featured e-commerce shopping site with product listings, cart, and user flow built for a smooth online shopping experience.

CERTIFICATIONS & TRAINING

- Data Analyst with Generative AI — Excellence Technology, Mohali (Ongoing)
- Python for Data Science
- SQL for Data Analysis
- Power BI Certification
